V. Treasurer's Report.

- A. Financial Reports for March 2023. Trustee Sommer noted the following: 1) CDs purchased in February 2023, are making over 4% interest. As indicated in the notes, the increase in interest income from the prior year is remarkable. We are taking advantage of current market conditions and making our tax dollars work harder for us. At the same time, in regards to the early 2024 CDs, specifically for the GF which are earning 1.75% or less, Director Auston and John discussed this prior to John's departure. The February 2024 CDs would lose all of their interest to-date if we called those early, and the difference in return if reinvested at a better rate would essentially be cost neutral. Also, this would also impact the intentionality of the ladder the library has been working to rebuild. At this point, Director Auston recommends that we hold these few CDs as-is, at least until we have a new accountant hired.
- 2) For expenses, some of the items that are close to the total budget include Grounds Maintenance (account 76400), which is higher than the expected monthly rate of 75%, due to the purchase of snow blower attachment in prior period.
- 3) Trustee Sommer noted her calculations of the total GF and SRF balances continue to differ from those of the accounting consultant. The total balances agree but in speaking with Director Auston, we believe this may be due to some historical misclassifications in QuickBooks. Once the fiscal year-end is complete and the auditor's work is finished, we

will ensure that the QuickBooks numbers agree with the audited numbers (for the allocation of the fund balances).

4) In regards, to the check detail, the breakdown of the larger check to Hill Mechanical includes:

- Monthly HVAC contract (\$7,795 to line 76350)
- Replace cabinet heater motor (\$2,094 to line 76300)
- Replace motor and blower wheel (\$2,022 to line 76300)
- Replace insulated flex to fan powered box (\$1,874 to line 76300)

Also, for Computer View: there were 3 checks this month

- Quarterly LAN contract (\$19,600 to line 74152)
- 4 Office 2021 Standard for Mac (\$268 to line 50530)
- Trend Micro Antivirus Renewal (\$4,770 to line 50600)

- B. Review Draft Strategic Plan for 2023-27 and discuss next steps. The Board and Leadership Team began the latest phase of the Library’s strategic planning in March 2022, and is preparing to complete the final steps of the project this spring. The past year’s work has included two community surveys, compiled feedback from nearly 1,000 stakeholders, analysis of [the results of the surveys](#), comparative study of relevant industry and area benchmarks, and the subsequent drafting and discussion of dozens of applicable goals.

Staff was able to more clearly present the plan’s objectives by articulating and differentiating the library’s values from the goals, allowing for the creation of concise, broadly-stated goals in support of the draft updates to the Mission, Vision, and Values. The new plan structure provides 6 outcomes across 3 goal areas, with 16 key priorities, and several specific initiatives for the first fiscal year of the plan. Going forward, during the development phase for each subsequent fiscal year’s budget, staff will reflect on the

prior year's progress toward those initiatives and identify and recommend the initiatives for the next year.

The resulting draft plan includes a range of goals and outcomes across three key areas: a welcoming environment, a connected community, and a sustainable future.

Staff has also articulated the following library values as guiding principles for the plan:

- Champion intellectual freedom
- Advance inclusion, diversity, equity, and accessibility
- Promote literacy and a lifelong love of reading
- Curate vibrant collections and experiences
- Deliver specialized services and programming
- Cultivate strong community connections
- Establish and maintain valued partnerships
- Promote stewardship of sustainable practices
- Continuously evaluate, adapt, and innovate
- Act with courtesy, initiative, creativity, and flexibility

To ensure the draft plan reflects the community's aspirations for the library and the organization's capacity and steps to meet those goals, the library will host 2 events to present the draft plan and collect feedback:

- Monday, 5/1 from 6:30pm-8:00pm in the Auditorium and Small Meeting Room
- Saturday, 5/6 from 10:00am-11:30am in the Small Meeting Room
